

MICROCHIP ORDER INFO

MICROCHIPS from 24PetWatch (www.24PetWatch.com) are available for sale through New Rattitude. These are "minichips," which are shorter and slimmer than the standard microchips and use a smaller gauge needle for reduced stress implantation. The chips are readable by all regular microchip scanners. You get:

- sterile ISO-compatible microchip in disposable preloaded injector syringe
- rubber collar tag imprinted with toll-free number, website, and microchip number
- insertion instruction sheet
- bar code stickers for records, files, folders
- inclusion in the national registry with 24/7/365 dog recovery service *at NO ADDITIONAL CHARGE*

PRICING

- One chip: \$18
- Second chip: \$16
- Additional chips: \$12 each
- Shipping/handling: \$3 per order
